

Josef Ubaka

GAME PROGRAMMER

josefubaka@gmail.com +46 79-203 03 82 Gothenburg, Sweden

Creative and driven programming student in my final term before graduating as a Game Programmer. Background in the fashion industry, including co-founding a brand.

SELECTED PROJECTS

Drag Rush

Built vehicle animation trees, overhauled beat conductor for BPM precision, did level design.

Dispater

Built the systems driving the story forward: dialogue, voice lines, tasks, interactions.

Floor Zero

Built a modular interaction interface, key/door system, and AI using UE's NavMesh.

SwingSpace

First solo project: swing mechanic plus a live global leaderboard with Firebase.

EXPERIENCE

Wet Dog 2019-24

Co-Founder

Ran an independent business for 5 years. Planning, budget, partnerships.

Axel Arigato 2018-now
